# Catholics in Communion Conference

---

**Invigorate your faith,  
your mind and your heart!**

---

Have you, your family, or your parish seen how suspicion or rejection of the Second Vatican Council, the Magisterium, and the reform of the Roman rite has affected the Church?

This event ministers to those who have been affected by Traditionalism and those seeking to understand its impact on the Body of Christ.

If you have left a group with schismatic tendencies, come and connect with others who have been there and back again! Delve into the joyful richness of our faith with inspiring talks, communal prayer and deep conversation. We can't wait to see you there!

---

**Register today!**
